## Apprenticeships at Herefordshire College of Technology Training Division

**Apprenticeships are work based training programmes that enable 16 - 24 year olds to earn while they learn.**

**The programmes benefit employers and employees alike through:**

- ★ Relevant and realistic training plans
- ★ Training and support of the highest calibre delivered free in the workplace and at College
- ★ Qualifications that inspire and motivate (NVQs, Technical Certificates, Key Skills)
- ★ Preparation for the future by addressing skills shortages now.

**We offer Apprenticeships in areas that relate to a broad spectrum of career choices.**

- Information Technology\*
- Brickwork
- Customer Service\*
- Painting & Decorating\*
- Plumbing
- Wood Occupations
- AAT Accounting\*
- Business Administration\*
- Hairdressing\*
- Motor Vehicle\*
- Electrical Installation
- Welding\*

**\*places available now**

**For more information call FREE on 0800 389 9805 or Email [trainingdivision@hct.ac.uk](mailto:trainingdivision@hct.ac.uk)**

We're here to guide learners and employers forward through Apprenticeships. We help people to decide which Apprenticeships are right for them and develop the relevant training plans. Once a learner has chosen an Apprenticeship programme, we help them to find a relevant job.

Also, we can help businesses to recruit an apprentice or assess which of their current employees would benefit from becoming one.
